AND WHEREAS by an Act of Parliament, made and passed in the 32d Year of the late King Henry VIII. intituled for Barbers and Surgeons, after reciting, that, within the City of London, there were then two several and distinct Companies of Surgeons, occupying and exercising the Faculty of Surgery, one Company called the Barbers of London, and the other Company called the Surgeons of London. It was thereby enacted, That the said two several and distinct Companies of Surgeons should from thenceforth be united, and made one intire and whole Body Corporate, and one Commonalty Perpetual, which at all times thereafter should be called by the Name of the Masters or Governors of the Mystery and Commonalty of the Barbers and Surgeons of London; and by the same Name to implead and be impleaded before all manner of Justices, in all Courts, and in all manner of Suits.

By which the two Companies of Barbers of London, and Surgeons of London were united.

Of the Letters Patent of 5th Charles 1st.

Which confirmed to such united Company all the possessions, franchises and liberties which the said Company then held and enjoyed,

with power to make annual Elections of Masters or Governors whereof two to be Professors in Surgery; and to elect ten Freemen to be Examiners.

Recital of the Act of 18th of George 2d.

by which the Union of the two Companies was dissolved;

and which constituted a distinct Company of Surgeons, by the Name of "The Master, Governors, and Commonalty of the Art and Science of Surgeons of London."

Recital that such Corporation was dissolved.

AND WHEREAS, in and by certain Letters Patent, under the Great Seal of England, bearing Date the 15th Day of August, in the 5th Year of the Reign of His late Majesty, King Charles I., reciting that the Men of the same Companies enjoyed divers Liberties and Franchises within the City of London, the Suburbs and Liberties thereof, by virtue of divers Acts of Parliament, and divers Charters, and Letters Patent, His said Majesty did grant and confirm unto the said Masters and Governors of the Mystery and Commonalty aforesaid, and their Successors, all and singular the Manors, Messuages, Lands, Tenements, Customs, Liberties, Franchises, Immunities, Jurisdictions, and Hereditaments, whatsoever, which the Men of the said Companies then held, used, and enjoyed, by any lawful Means or Title whatsoever: And his said late Majesty did thereby give power to the said Corporation, to make annual Elections of Masters or Governors of the said Commonalty, whereof two to be Professors in the Art and Science of Surgery; and also to elect and constitute ten of the Freemen of the said Society to be Examiners of Surgeons in London.

AND WHEREAS, by an Act of Parliament, made and passed in the 18th Year of the Reign of our late Royal Grandfather, King George II., intituled "An Act for making the Surgeons of London, and the Barbers of London, two separate and distinct Corporations," It was enacted, that the said Union and Incorporation of the Barbers and Surgeons of London, made and effected by the aforesaid Act of the 32d Year of King Henry VIII. should, from and after the 24th Day of June, 1745, be dissolved and declared void and of no effect; and that such of the Members of the said united Company who were Freemen of the said Company, and admitted and approved Surgeons, within the Rules of the said Company, and their Successors, should from thenceforth be made, and they were thereby made and constituted, a separate and distinct Body Corporate and Commonalty Perpetual, which at all times thereafter were to be called by the Name of Master, Governors and Commonalty of the Art and Science of Surgeons of London, and by the same Name might implead and be impleaded before all manner of Justices, in all Courts, and in all manner of Actions and Suits, and take to them and their Successors, Lands, Tenements, Rents, or Hereditaments, not exceeding the yearly Value of £200 in the whole.

AND WHEREAS, we are informed that the said Corporation of Master, Governors, and Commonalty of the Art and Science of Surgeons of Lon-

don, hath become and now is dissolved: AND WHEREAS, it is of great consequence to the Commonweal of this Kingdom, that the Art and Science of Surgery should be duly promoted: AND WHEREAS, it appears to us, that the Establishment of a College of Surgeons will be expedient for the due promotion and encouragement of the Study and Practice of the said Art and Science, Now WE, of our special Grace and mere Motion, and at the humble Petition of JAMES EARLE, Esquire, the late Master, and divers other Members of the aforesaid late Corporation of Surgeons; have willed, ordained, constituted, declared, given and granted, and by these Presents, for Us, Our Heirs, and Successors, do will, ordain, constitute, and declare, give and grant; unto the aforesaid JAMES EARLE, and unto all the Members of the said late Company or Corporation of Master, Governors, and Commonalty of the Art and Science of Surgeons of London; having been admitted and approved Surgeons, within the Rules of the said Company; and also unto all such Persons, who upon, or since, the dissolution of the said Corporation, shall have obtained Letters Testimonial, under a Seal purporting to be the Seal of the said late dissolved Corporation, authorizing them to practise the Art and Science of Surgery; and they, from henceforth for ever hereafter, shall be and remain by virtue of these Presents, one Body Corporate and Politic; by the Name of THE ROYAL COLLEGE OF SURGEONS IN LONDON, and by the same Name shall and may have perpetual Succession, and a Common Seal; with power to break, alter, and make anew the said Seal, from time to time at their will and pleasure; and by the same Name shall and may implead, and be impleaded, before all manner of Justices, in all Courts, and in all manner of Actions and Suits; and shall be at all times for ever hereafter persons able and capable in Law to take, purchase, possess, hold, and enjoy, and shall and may take, purchase, possess, hold and enjoy, a Hall or Council-house, with its Appurtenances, situate within the Cities of London or Westminster, or within one Mile of either of them, for the use and purposes of the said College; and also any other Lands, Tenements, Rents, or Hereditaments, wheresoever situate, lying and being; not exceeding, together with the aforesaid Hall or Council-house, and its appurtenances, the yearly value of one thousand Pounds in the whole; without incurring any of the Penalties in any Statute of Mortmain, or any Thing, in any Statute of Mortmain, to the contrary notwithstanding.

That it is of great consequence that the Science of Surgery should be duly promoted,

and that a College will be expedient for the due encouragement thereof.

Therefore His Majesty was pleased to incorporate the Members of the late Company, and all such Persons who since the Dissolution thereof have obtained Letters Testimonial &c.

By the name of "The Royal College of Surgeons in London."

With perpetual succession and a common seal;

and power to hold and enjoy a Council-house within London or Westminster or one mile of either of them; and to possess lands and tenements, including such Council-House of the yearly value of £1000 in mortmain.

And it is Our further Will and Pleasure, that nothing in these Presents

Proviso,—That the City of Lon-

don shall not have any jurisdiction over the College.

THE COUNCIL.

The Council, the governing body of the College, consists of twenty-four Members, three* of whom go out in rotation annually in July, but are eligible for re-election by the Fellows of the College. All proceedings of the Court of Examiners, the Board of Examiners in Anatomy and Physiology, the Midwifery and Dental Boards, and the several Committees are reported to the Council for approval and confirmation. The Meetings of the Council are generally held in each month of the year, except in the month of September, and at such other times as the business of the College may require. During the past Collegiate Year there have been thirteen Meetings.

* If in any year one of the three retiring Members be President of the College, he does not go out of office until the succeeding year.

THE COURT OF EXAMINERS.

The Court of Examiners consists of ten Members elected by the Council from the Fellows of the College. The Court superintends the carrying out generally the regulations of the Council relating to the professional education of Students, and conducts the Pass Examinations in Surgery and Surgical Anatomy of Candidates for the Diplomas of Fellow and Member of the College. During the past Collegiate year the Court has held two Meetings for the Examinations for the Fellowship, and fifty-three Meetings for the Pass Examinations for the Membership.

THE BOARD OF EXAMINERS IN ANATOMY AND PHYSIOLOGY FOR THE FELLOWSHIP.

The Board consists of nine Members annually elected by the Council from the Fellows of the College. The Board conducts the Primary Examinations in Anatomy and Physiology for the Diploma of Fellow, and has held during the year seven Meetings.

THE EXAMINERS IN ANATOMY AND PHYSIOLOGY FOR THE MEMBERSHIP.

The Examiners in Anatomy and Physiology appointed, in conjunction with the Royal College of Physicians, under the Scheme for an Examining Board in England, are elected annually. They have conducted the Primary Examination for the Diploma of Member under the old Regulations as well as the Second Examination of the Examining Board, and have held during the year forty Meetings.

THE EXAMINERS IN ELEMENTARY ANATOMY AND ELEMENTARY PHYSIOLOGY.

The Examiners in Elementary Anatomy and in Elementary Physiology appointed, in conjunction with the Royal College of Physicians, under the Scheme for an Examining Board in England, are elected annually. They conduct the First Examination, in the subjects mentioned, of the Examining Board.

10 Savile Row, W.

To the President, Vice-Presidents, and Council of the Royal College of Surgeons of England.

GENTLEMEN,—

Letter.

I have the honour to acquaint you with the fact that the Scheme for constituting an Examining Board in England by the Royal College of Physicians of London and the Royal College of Surgeons of England, whereby the two Colleges have agreed to co-operate under the directions of the General Medical Council, received the sanction of that Council on Thursday, the 9th of October.

When the Proceedings of the Medical Council, in its present Session, are completed, I will make a further report upon them.

In the meantime, I may venture to support the proposition, which will doubtless be made to you, to nominate and appoint your three Representatives on the Committee of Management to act under the Scheme.

I am,

Yours faithfully,
JOHN MARSHALL.

The Council thereupon, in accordance with the provision of Section V. of the Scheme in question, elected Mr. Forster, President, Mr. Marshall, and Mr. Savory as the three Representatives of the College on the Committee of Management.

The following Resolution was also adopted, viz. :—

In pursuance of this recommendation of the Committee of Management, the following Resolutions were adopted by the Council, viz. :—

Court of Examiners appointed Examiners in Surgery under Scheme.

Letters were read from Mr. J. Cooper Forster, President, Mr. William S. Savory, and Mr. J. W. Hulke resigning their appointments as Members of the Court of Examiners, Mr. Hulke being a Candidate for re-election; and their resignations, to take effect after the completion of the Fellowship Examination, were accepted by the Council.

Resignations of Messrs. Forster, Savory, and Hulke as Members of Court of Examiners accepted.

The following letter from Mr. John Marshall, Representative of the College in the General Medical Council, further reporting proceedings of the General Medical Council, was directed to be entered on the Minutes, viz. :—

Letter from Mr. Marshall reporting proceedings of General Medical Council directed to be entered on Minutes.

10 Savile Row, W.,
13th Nov., 1884.

To the President, Vice-Presidents, and Council of the Royal College of Surgeons of England.

Letter.

GENTLEMEN,

In accordance with the promise made in my letter of the 15th ultimo, I proceed to complete my Report of such of the Proceedings at the last Session of the Medical Council as relate to matters in which the College is interested.

At the competition for Commissions in the Medical Department of the Army, held in August last, 23 Members of the College presented themselves for Examination, all of whom were found qualified, whilst 16 obtained appointments.

In the corresponding Competition for 24 vacancies in the Medical Department of the Royal Navy, 13 Members of the College offered themselves and were found to be qualified, 10 of whom received commissions.

Although the College has no longer any control over the Preliminary Examination for Medical Students, it may not be uninteresting to note that the Examinations held by the College of Preceptors in September last, the results show "a marked improvement" as compared with those of previous Examinations.

A proposal that the Medical Council should recommend to the Medical Authorities "that they should not confer a Degree or

Licence to practise upon any Candidate until he has attained the full age of twenty-three years," was, after considerable and careful consideration, finally negatived.

The opinion of the Medical Council was declared that "no person should be granted a Degree, Diploma, or Licence to practise, registrable under the 'Medical Act,' unless he has proved his competency in Medicine, Surgery, and Midwifery by passing examinations in those subjects at one or more of the Licensing Bodies."

It was further agreed that this opinion "be communicated to the several Licensing Bodies, with an expression of the hope of the Council that each Licensing Body will use its best endeavours to give effect to it."

I took occasion to remark that the College had for some time past acted in accordance with this view of the Medical Council; and that it would be enabled to do so still more satisfactorily under the Combined Examination of the two Royal Colleges.

The Medical Council resolved to resume the Visitation of Examinations, and directed the Executive Committee to make arrangements for conducting such Visitations as continuously as circumstances admit.

The Medical Council further resolved, that it "will, at its next ordinary Session, reconsider the 'Recommendations' which it at present has in force ('Recommendations' Chapters III., IV., V.) on the subject of the age for Licence for Practice, and of Professional Education and Examination;

"And that, with a view to such re-consideration, the Council now request the three Branch Councils respectively to enter upon a review of the present 'Recommendations;' each Branch Council conferring, so far as it may find desirable, with the several Licensing Authorities of its division;

"And that the Branch Councils be requested to communicate to the President, not later than the last day of January next, any suggestions which they respectively may have to make for amendment of the present 'Recommendations.'"

A copy of the foregoing Resolution was ordered to be sent to each of the Licensing Authorities, and doubtless one has been received by our Secretary. Should the English Branch Council desire to confer with this College, it will be for you to determine, probably in conjunction with the Royal College of Physicians, the manner in which such a request may be best satisfied.

A discussion, prolonged over three sittings, on certain proposals to modify the subjects for the Preliminary Examination, gave rise to the expression of very opposite views; but since, as already mentioned, this College is not now directly responsible for the nature, conduct, or method of that Examination, I refrain from occupying your time or attention with any detailed report of conclusions adopted by the Medical Council.

Certain cases involving questions of discipline and penalty came before the Medical Council in its recent Session.

Thus: the Registrar was directed to remove from the Medical Register the qualification of Member of this College, formerly held by Mr. George Washington Evans, who had been removed by the Council from being a Member of the College.

The case of Mr. E. Bryceon is under the consideration of the Executive Committee.

The question of supposed forged foreign Diplomas having been brought before the Council by the Scottish Branch, it was referred to a Committee of Members of the Executive Committee to act, with the Solicitor, in the matter; and it was further agreed to notify to the several licensing Bodies that such forged foreign Diplomas are in existence; and that in cases of doubt, or when the person presenting such Diploma is not well known, the Secretary of the Licensing Body should communicate with the University by which any Diploma is said to have been granted.

I have the honour to be,
Yours faithfully,
JOHN MARSHALL.

The following resolutions adopted by the General Medical Council at its late Session were communicated to the Council, viz:—

Resolutions
of General Medical Council
on the subject
of its Recommendations.

“(a) That in the opinion of this Council no person should be granted a Degree, Diploma, or Licence to Practise, registrable under the Medical Act, unless he has proved his competency in Medicine, Surgery, and Midwifery by passing examinations in those subjects at one or more of the Licensing Bodies.

“(b) That this Resolution be communicated to the several Licensing Bodies, with an expression of the hope of the Council that each Licensing Body will use its best endeavours to give effect to it.”

“That the Council will, at its next ordinary Session, reconsider the ‘Recommendations’ which it at present has in force (‘Recommendations,’ Chapters III., IV., V.) on the subject of the Age for Licence for Practice, and of Professional Education and Examination;

“And that, with a view to such re-consideration, the Council now request the three Branch Councils respectively to enter upon a review of the present ‘Recommendations;’ each Branch Council conferring, so far as it may find desirable, with the several Licensing Authorities of its division;

“And that the Branch Councils be requested to communicate to the President, not later than the last day of January next, any suggestions which they respectively may have to make for amendment of the present ‘Recommendations.’”

“(a) That information be sent to all the Licensing Bodies that forged Diplomas are in existence, and that this Council recommends the various Bodies to be careful as to the recognition of foreign Diplomas as admitting to Final Examinations.

“(b) That in all cases of doubt, or when the person presenting such Diploma is not well known, the Secretary of the Licensing Body should communicate with the University by which the Diploma is said to have been granted.”

JAMES PAGET, *Chairman*.

EXTRAORDINARY MEETING OF THE COUNCIL ON THE 19TH DECEMBER, 1884.

Extraordinary Council, 19th December, 1884.

The Fourth Report, dated the 10th of December, 1884, of the Committee on the Mode of Election to the Council and on other matters relating to the Charters and Bye-Laws, was read and taken into consideration paragraph by paragraph.

Fourth Report of Committee on Charters and Bye-Laws.

The following paragraphs of the Report were read, and their approval was moved and seconded by Sir James Paget, Bart., and Mr. Marshall, viz. :—

Read paragraphs of Report relating to election of President.

“The Committee have to report that, having considered first the ‘subject of the election of the President,’ directly referred to them by the Council on the 19th ultimo, the following Motion was negatived by a majority of six to three, one Member of the Committee being absent :—

“That it be recommended to the Council that the President be elected annually by the Fellows of the College in a manner hereafter to be agreed on by the Council.

“[*The minority of the Committee propose to submit to the Council*

a resolution, in the form of an amendment, embodying their reasons for dissenting from this clause of the Report.]”

Mr. Holmes's Amendment in favour of election of President being by Fellows, and expressive of opinions of minority of Committee.

Whereupon Mr. Holmes moved and Mr. Cadge seconded the following Amendment :—

That the Report of the Committee, so far as it relates to the Election of President, be not approved, for the following reasons, embodying the opinions of the minority of the Committee, viz. :

1. That the office of President would gain dignity, and the President would acquire a greater personal influence in the management of the affairs of the College (to its great benefit), if the present routine system of election by seniority were discontinued, and the office were, as a rule, to be held for a term of years.

2. That it, at the same time, seems undesirable that the election should be, for such a term, certain ; since there would be no way of getting rid of a President found to be incompetent.

3. That for these reasons it is recommended that the President should be declared re-eligible annually for three or five years, under which system the existing President would be nearly sure to be re-elected if he had done his work satisfactorily.

4. That it would not be easy to carry out such a system in a body constituted as the present Council is —the tendency to a routine system of election by such a body being nearly irresistible.

5. That the Fellows of the College, who are the electors of the Council, are the proper persons to elect the President, and that any dangers or inconveniences that might attend a perfectly open election would be obviated if the choice of the Fellows were limited by the previous nomination of the Council, and by the stipulation that the persons nominated must be present or past Members of the Council.

6. That it is therefore recommended that the President be elected annually by the Fellows from a list of not less than three names, to be submitted by the Council, of present or past Members of Council, one of such names being always that of the present President, unless he has served his term or wishes to retire.

7. And that if the President so elected be not then on the Council, he should become a Member thereof *ex officio*.

Votes of Council taken on Amendment, which was lost.

The votes of the Council were thereupon taken on the Amendment, when the same was lost, five having voted for and fourteen against the same.

The original Motion by Sir J. Paget, Bart., and Mr. Marshall, for the approval of that part of the Report relating to the election of President, was then put and carried.

Original motion for approval carried.

The Report, as verbally altered, was then, on the motion of Sir James Paget, Bart., seconded by Mr. Marshall, approved, adopted, and directed to be entered on the Minutes, viz. :—

Report as verbally altered approved and adopted, and to be entered on the Minutes.

THE PRESIDENT.

THE VICE-PRESIDENTS.

The First, Second, and Third Reports of the Committee, dated the 30th of October, and the 27th of December, 1883, and the 4th of February, 1884, respectively, having been approved and adopted by the Council, the Committee have subsequently held three Meetings, on the 25th of November, on the 2nd instant, and on this date, to consider the following Minutes and Resolutions of the Council of the 19th ultimo, viz. :—

“That the subject of the election of President be referred
“to the Committee on the Mode of Election to the Council
“and on other Matters relating to the Charters and Bye-Laws
“of the College, to report thereon to the Council.

“The Council then, in pursuance of the Notice in the
“Summons, proceeded to the consideration of the letter dated
“the 12th instant, from the Association of Fellows of the College, and the accompanying recommendations for alterations
“proposed by the Association in the Charters and Bye-Laws of
“the College.

“Read the said letter and recommendation from the Association of Fellows of the College.

"Moved by Mr. Marshall, seconded by Mr. Holmes, and resolved *nem. con.* :—

"That such letter and accompanying recommendations from
 "the Association of Fellows be referred to the Committee on
 "the Mode of Election to the Council and other Matters
 "relating to the Charters and Bye-Laws of the College, to
 "report thereon to the Council with as little delay as
 "possible."

The Committee, having considered the same, have adopted the following as their Fourth Report to the Council, viz. :—

The Committee have to report that, having considered first the "subject of the election of the President" directly referred to them by the Council on the 19th ultimo, the following Motion was negatived by a majority of six to three, one Member of the Committee being absent :—

That it be recommended to the Council that the President be elected annually by the Fellows of the College in a manner hereafter to be agreed on by the Council.

[The minority of the Committee propose to submit to the Council a resolution, in the form of an amendment, embodying their reasons for dissenting from this clause of the Report.]

The Committee, having then considered the letter from the Association of Fellows of the College and the accompanying recommendations for alterations in the Charters and Bye-Laws, adopted the following recommendations to the Council as the result of their consideration of the several proposals, viz. :—

"I. (a) That any Fellow who has been a Fellow for ten years or
 "a Member for twenty years shall be eligible to be a Member
 "of Council."

The Committee, being of opinion that some who might be very useful Members of the Council are or have been ineligible on account of their not having been Fellows for so many years as the Charter requires, or because they are not in the actual practice of their profession, recommend the Council to obtain a modification of the Charter to the effect that "Any person who has been a Fellow of the College for ten years or, being a Fellow, has been a Member of the College for twenty years, shall be eligible to be a Member of the Council."

"I. (b) Should any Member of Council other than the President
 "be absent from more than two successive Quarterly Meetings
 "or from more than four successive Ordinary Meetings, he shall
 "thereupon cease to be a Member of the Council, unless a reason
 "for such absence satisfactory to the Council be assigned."

The Committee, although aware of the almost unfailing regu-

larity with which the Members of the Council attend its meetings, recommend that Clause 1, Section 5 of the Bye-Laws be altered as follows in accordance with the sanction of the legal adviser of the College:—1. “Should any Member of Council be absent from more than four consecutive Meetings without leave of the Council, he shall *ipso facto* cease to be a Member of Council unless a reason for such absence satisfactory to the Council be assigned.”

“I. (c) That not more than one half of the Members of the Court
“of Examiners, and not more than two Members of the Board
“of Examiners in Anatomy and Physiology, shall have seats in
“the Council.

“I. (d) If any Fellow who is also a Member of the Court or of
“the Board of Examiners shall be elected into the Council, he
“shall, within a period of two months of such election, vacate
“his office as a Member of the Court or of the Board.”

The Committee do not recommend the Council to adopt these proposals. They have not seen reason to believe that, in any case, the tenure of the two offices of Member of Council and of Examiner has led to the defective performance of the duties of either office; and the Council has been much strengthened in dealing with important questions relating to education and examination by the fact that a large proportion of its Members are actually engaged as Examiners. Moreover, if it may ever have seemed objectionable that questions concerning education should be referred to the Court of Examiners, of whom many were Members of the Council, this will not be the case under the arrangements for an Examining Board appointed by the Royal Colleges of Physicians and Surgeons, for all questions concerning education and examination will in future be subject to the control and agreement of the Authorities of both Colleges on reports from the Committee of Management, consisting of Representatives of the two Colleges, no Member of which Committee can be an Examiner.

“II. That Section 9 of Charter 15 Vict. do read as follows:—That
“every Fellow who shall intend to offer himself as a candidate
“for a seat on the Council of the said College, shall, within such
“time as the Council shall from time to time direct from the
“publication of the ‘London Gazette,’ in which the day of
“election shall be announced, transmit or deliver to the Secretary of the same College a notice signed by himself of such his
“intention.”

The Committee do not recommend to the Council that it should be sufficient for any Fellow of the College merely to offer himself as a Candidate. They believe that a rule requiring nomination by electors is observed in elections to every considerable society and representative body, whether scientific or legislative; but they are of opinion that the number required for nomination under the present

Charter may properly be diminished. The Committee therefore recommend to the Council that Section 9 of the Charter of the 15th Victoria be altered so as to provide that a Candidate for a seat in the Council be, in addition to his declaration of his intention to offer himself as a Candidate, only required to produce a nomination-paper signed by three, instead of by six, Fellows of the College.

- “III. (a) That the six Members of the Council who shall have
 “served longest on the Council without re-election shall vacate
 “their office every year, instead of three as provided for by
 “Section 12 of Charter 7th Vict.”

The Committee do not recommend that six Members of the Council shall vacate their office instead of three, in each year. Such a plan would reduce the longest possible period of office from eight to four years. The usefulness of any Member of the Council very largely depends on his experience of all the varieties of College business, whether in the Council or in the several Committees.

- “IV. (b) That ‘Substitute Members,’ as defined by Section 14
 “Charter 7th Vict., be abolished.”

The Committee do not recommend the abolition of Section 14 of the Charter of the 7th Victoria relating to Substitute Members. The abolition of this rule would somewhat unfairly shorten the tenure of office of all the Members of Council junior to any Member vacating his seat by resignation or death; and its maintenance is not necessarily unfair to the Member elected as a substitute, for if he be obliged to vacate his office soon after his election, his re-election may be deemed nearly certain, and he may thus have a longer tenure of office than if he had not in the first place been elected a Substitute Member.

- “V. Approved:

- “(a) The proposed alteration in the Section 15 of 7th Vict.,
 “abolishing compulsory personal voting, and permitting the
 “alternative of voting by voting paper.”

On a Motion which originated in the Council on the 12th of July 1883, this Committee was appointed to consider and report on the expediency of allowing the Fellows to vote either in person or by voting papers at the election of the Council, and the Council on the 8th of November, 1883 approved and adopted our recommendation of this alternative mode of voting at such election. (*See First Report of the Committee, dated the 30th October, 1883.*)

- “V. (b) That at the Meeting of Council immediately preceding
 “the Annual Election of Members of Council and of the Presi-
 “dent, the President shall appoint three Fellows, not Members
 “of the Council, to act as Scrutineers to superintend the Ballot
 “or other mode of voting at the next ensuing Election.”

The Committee, in compliance with the general principle of the recommendation that Scrutineers should be appointed at the election of Members of the Council, and especially in view of the proposed alteration in the mode of election, recommend to the Council that, "At the meeting of the Fellows for the election of Members of the Council, the President, or other Member of the Council occupying the Chair, do appoint two of the Fellows present to act as Scrutineers in taking the result of the ballot."

"VI. The payment of a fee by a Member of the Council be no longer required."

The Committee recommend to the Council that, in accordance with a resolution adopted by the Committee on the 20th December, 1883, and now confirmed, Clause 9 Section IV. of the Bye-Laws, by which a Member of the Council is required to pay a Fee of Twenty Guineas on his first admission, be abrogated.

"VII. That the President of the College be elected annually by the Fellows from among the existing or past Members of the Council, at the time, in the manner, and under the conditions hereinafter described :—

"(a) That he be elected at the time and in the manner that Members of the Council are elected, on the nomination of the Council.

"(b) That the Council shall submit at least three names to the Fellows, one of which shall be that of the retiring President, provided he be eligible and does not decline to serve ;

"(c) That no one shall hold the office of President for a longer period than five consecutive years ;

"(d) If the President be elected from amongst the past Members of the Council, he shall become *ex officio* a Member of the Council during his tenure of office as President."

The Committee have already reported (see page 284) the opinion of the majority that the election to the office of President should not be by vote of the Fellows.

"VIII. (a) That a Treasurer be appointed from amongst the Members of the Council, and that his accounts be audited by a professional auditor, whose report shall be submitted to the Annual Meeting of Fellows and Members ;

"(b) That the Treasurer's balance-sheet duly audited shall be submitted to the Annual General Meeting of Fellows and Members, and that such balance-sheet shall be published with the advertisements convening such Meeting."

The Committee are of opinion that the Member of the Council who may be deemed best fitted for the office of Treasurer should be elected to it, and that, subject to annual election, he may hold 1885.

it so long as he remains on the Council. They recommend also that all drafts upon the Bankers of the College shall be signed by the Treasurer and countersigned by the President (or, in his absence, one of the Vice-Presidents) and by the Secretary, and that the accounts be audited by a professional auditor. But the Committee do not recommend any alteration in the publication of the Accounts of the College other than as at present in the College Calendar.

- “IX. (a) That Members of the Court of Examiners shall be elected
 “annually, and that no Member of the Court of Examiners shall
 “hold office for more than five consecutive years, and at the
 “expiration of this time he shall not be again eligible until after
 “a period of two years has elapsed ;
- “(b) That all vacancies in the Court of Examiners shall be advertised in at least two of the weekly medical journals of the
 “United Kingdom, with an announcement of the names of those
 “Members of the Court who are eligible for re-election, and
 “inviting Fellows desirous of being considered candidates to
 “send in their names to the President.”

The Committee do not recommend the proposed changes. They have no reason to believe that the present method of advertising vacancies in the Court of Examiners is insufficient for the due information of any who would be eligible Candidates.

- “IX. (c) That Section VIII. (3) Bye-Law be omitted.”

The Committee report that on the 20th of December, 1883 they adopted a resolution, recommending that this Clause (Section VIII. Clause 3) of the Bye-Laws, by which a Fee of Twenty Guineas is payable by a Member of the Court of Examiners prior to his first admission, be abrogated.

- “X. That Members of the Board of Examiners shall be elected
 “annually from amongst the Fellows and Members of the
 “College, and that no Member of the Board shall hold office for
 “more than five consecutive years, and at the expiration of this
 “his term, he shall not be again eligible until after a period of
 “two years has elapsed.”

The Committee remark that the Council have already decided that the Examiners in Anatomy and Physiology, to be appointed under the Scheme for an Examining Board by the Royal Colleges of Physicians and Surgeons, are to be chosen from the Fellows and Members of the College, whilst the Board of Examiners for the Fellowship will, as heretofore, be selected from the Fellows. They also point out that the Examiners, whether for the Membership or Fellowship, are not re-eligible for appointment for more than five consecutive years. They do not recommend to the Council that any alteration in the rule which requires that one year should elapse between the termination of a period of office and the re-

eligibility of the Candidate should be made; and are moreover of opinion that the rule which enables the Nomination Committee to recommend to the Council that, on special grounds, an Examiner should be re-elected at the termination of his period of five consecutive years of office should, in the interests of the College, be retained.

“XI. (a) That the alteration proposed by the Council in Section 5, “Charter 15 Vict., be not adopted.

“(b) That the Council may nominate every year two distinguished “members of the Medical profession, whether Members of the “College or not, as Honorary Fellows, to be elected by the “Fellows and Members at the Annual Meeting.”

The Committee do not recommend the institution of a class of Honorary Fellows, but are of opinion that the Council, in the exercise of the powers conferred by the Charter, should not elect Members to the Fellowship, unless in the case of persons of such distinction that the election may be considered as an Honour justly conferred on them, and with which the payment of a fee would be inconsistent. They therefore do not recommend that the Council should alter their decision by which it is proposed that so much of Section 5 of the Charter of the 15th Victoria as relates to the payment of a Fee of Ten Guineas by Members of twenty years' standing on their election to the Fellowship be abrogated.

“XII. (a) That there shall be an Annual General Meeting of the “Fellows and Members, held on the first Thursday in July, at “which the Annual Report of the Council, including the “Treasurer's statement of Accounts, duly audited, shall be presented, discussed, and, if approved, adopted;

“(b) That no alteration in the constitution or in the relations of “the College shall be effected without the consent of the Fellows “and Members, convened specially to discuss such alterations.

“(c) That no bye-law, rule, regulation, or ordinance of the College “shall be made, altered, or revoked without the consent of the “Fellows and Members assembled at the Annual General “Meeting, specially convened for the purpose;

“(d) That on receipt of a requisition signed by thirty Fellows “or Members, the President shall convene a Meeting within “twenty-one days of the Fellows and Members collectively (or, “if demanded in the requisition, separately). At this special “Meeting or Meetings the question or questions of which notice “shall have been given in the requisition, shall alone be discussed;

“(e) That such Meetings shall be duly advertised in the weekly “journals.”

The Committee beg to remind the Council that on the 8th of May last the Council adopted *nem. con.* a Resolution directing “that an

Annual Meeting of the Fellows and Members be called, to which a Report from the Council shall be presented ;” and that it is also provided that other meetings of Fellows and Members may be held either by direction of the President or Council, or on a requisition signed by thirty Fellows and Members, provided that the objects of such meeting be approved by the Council. They are of opinion that these provisions for Meetings of Fellows and Members are amply sufficient for the discussion of any matters affecting the interests of the College which are likely to arise. The Committee do not recommend the Council to adopt the proposals by which it is suggested that any alterations in the constitution or in the bye-laws, rules, regulations, or ordinances of the College should be subject to the approval of the Fellows and Members, as by such an arrangement all the proceedings of the Council would be inconclusive, and the business of the College could not be carried on. They are of opinion that the government of the College should still be vested in the Council, the Members of which are elected by the Fellows as their Representatives.

“XIII. Recommended as a Bye-Law :

“That the Minutes of each Meeting of the Council shall be
 “suspended for the inspection of Fellows and Members in the
 “Hall of the College or other convenient place within twenty-
 “four hours of the holding of such Meeting, and that they
 “remain suspended for a period of at least seven days.”

The Committee recommend to the Council that the following Standing Rule, not Bye-Law, be established, viz. :—

“That the Minutes of each Meeting of the Council shall be suspended, for the inspection of Fellows and Members, in the Hall of the College or other convenient place, within twenty-four hours of the holding of the Meeting at which they shall have been confirmed, and that they remain suspended for a period of not less than seven days.”

Report.

REPORT, dated the 9th of January, 1885, of the COMMITTEE OF MANAGEMENT to the two Colleges on the Letter of the 1st of December last from the President of the General Medical Council and the accompanying copies of the Recommendations &c. of that Council, referred to the Committee, to report thereon, by the two Colleges.

The Committee of Management reports to the two Colleges that, having considered the recommendations of the General Medical Council and the questions relating to those recommendations, they recommend that the following answers be returned to the several questions, viz. :—

Paragraph I. clauses 1 and 2. As regards the average Student, the period of forty-five months is not sufficient for all the present requirements of professional study; and it is desirable that the period of two years allotted to the "second division" studies should be extended.

Paragraph II. clause 3. The enumeration does not exclude any branch which ought to be included.

Paragraph II. clause 4. The subject of Forensic Medicine might better be included only to an extent limited by rule.

Paragraph II. clause 5. It would be better that Chemistry and Chemical Physics, as defined, were made a branch of Preliminary Education.

Paragraph II. clause 6. As regards this question an opinion cannot be expressed without some further explanation of the term "Preliminary Scientific Examination."

Paragraph III. clauses 7 and 8. It is not desirable that recommendations 23 and 27 should be expressed in more detail.

Paragraph IV. clauses 9 and 10. The Medical Schools in the United Kingdom should be visited, and the visitation should be conducted by the Licensing Bodies.

Paragraph V. clauses 11 and 12. The General Medical Council ought to aim at all the objects referred to in paragraph V. by recommendations, and not at any of them by visitation.

Recommendation of Committee of Management on appointment of additional Examiner in Elementary Physiology approved, and capitation fee altered.

It was referred to the Nomination Committee to consider and report to the Council on the appointment of an additional Examiner in Elementary Physiology.

The previous correspondence on the subject between Dr. Redfern and the Secretary was also read.

Previous correspondence read.

The following Resolution was adopted, viz. :—

That Dr. Redfern be informed that his request cannot be granted, inasmuch as the Council are pledged to accept only such Certificates of instruction and proficiency in the practice of Vaccination as will satisfy the requirements of the Local Government Board in England, and as none of the Teachers in Ireland are included in the recognized list of that Board.

Request not granted, Certificates not being recognized by Local Government Board in England.

The thanks of the Council were voted unanimously to Mr. John Marshall for his Hunterian Oration, and he was requested to publish it.

"Resolved:

"That the recommendations of the Association of Members of the College be referred to the Committee on the 'Mode of Election to the Council and on other Matters relating to the Charters and Bye-Laws of the College,' to consider the same and report thereon to the Council."

"Read a letter of the 7th instant from Mr. John H. Morgan, Honorary Secretary to the Association of Fellows of the College, enclosing a copy of Resolutions adopted by Committee of that Association at a meeting held on the 6th instant.

"Resolved:

"That such Resolutions be entered on the Minutes, viz. :—

"I. Resolved:

"That the Committee of this Association of the Fellows of the Royal College of Surgeons, while appreciating the acceptance by the Council of the College of some of the Recommendations of the Association, expresses its extreme disappointment and regret that many of the recommendations to which this Association attaches the greatest importance have been either entirely rejected or accepted with such limitations and modifications as render them practically inoperative."

"II. Resolved:

"That a copy of the above resolution be forwarded to the Council, with a respectful request that no steps shall be taken by the Council to obtain a New Charter until the various alterations proposed or accepted by the Council, together with Recommendations of the Association of Fellows, shall have been submitted to a General Meeting of Fellows and Members.

"GEORGE POLLOCK, *Chairman*."

"Moved by Mr. Holmes, seconded by Mr. Smith:

"That the request of the Committee of the Association of Fellows for a General Meeting of the Fellows and Members of the College, for the purpose mentioned by them, be granted."

“ Moved as an Amendment by Mr. Bryant, seconded by Mr. Lund :

“ That the President be requested to invite delegates from the Association of Fellows to meet the Committee on the ‘ Mode of Election to the Council and on other Matters relating to the Charters and Bye-Laws of the College,’ to confer with them on the alterations proposed in the Charters and Bye-Laws.”

“ And the votes of the Council having been taken on the Amendment, the same was carried *nem. con.*

“ The Amendment was then put, and carried *nem. con.* as a substantive motion.”

The Committee having considered the foregoing Minutes and Resolutions, have adopted the following as their Fifth Report to the Council, viz. :—

The Committee have to report that, having considered the several proposals of the Association of Members of the College, they do not recommend that, as therein suggested, the whole Council be elected every three years ; nor that the number of the Council be increased to 25 ; nor that the Members, as well as the Fellows of the College, should take part in the election.

The Committee have further to report that, in pursuance of the resolution of the Council of the 8th of January last, the President invited delegates from the Association of Fellows to meet the Committee on the 3rd instant, that at the meeting held on that date ten delegates from the Association attended at the College, and that the proposals of the Association and the report thereon of the Committee, dated the 10th of December, 1884, were fully discussed, the delegates stating their reasons for their several recommendations.

From this discussion it appeared that the recommendations of the Association to which the delegates attached the most importance, were those relating (1) to the constitution, mode of election, and duration of office of the Court of Examiners and Board of Examiners ; (2) to the proposal that six instead of three Members of the Council should retire from office annually ; (3) to the election of the President by the Fellows instead of by the Council ; (4) to the right of meeting by the Fellows and Members without the sanction of the Council ; and (5) to the time and mode of making public the Minutes of the Council : all of which recommendations the delegates urged upon the Committee with a view to their adoption by the Council, renewing the request, “ that no steps should be taken by the Council to obtain a New Charter until the various alterations proposed or accepted by the Council, together with the recommendations of the Association of Fellows, shall have been submitted to a general meeting of Fellows and Members.”

The Committee having fully considered the arguments brought before them by the delegates in favour of the recommendations of the Association of the Fellows, have to report to the Council that they adhere to the conclusions arrived at in their Fourth Report so far as they relate (1) to the constitution and duration of office

of the Court of Examiners and the Board of Examiners; (2) to the duration of office of a Councillor; (3) to the election of President; and (4) to the right of meeting of the Fellows and Members, excepting that in page 8 of such Report, in the paragraph respecting the meeting of Fellows and Members, they propose to substitute for the words "*provided that the objects of such meeting be approved by*" the words "*with the consent of,*" the Council.

With respect (5) to the publication of the Minutes of the Council, the Committee recommend that, in lieu of the confirmed Minutes being suspended in the Hall, as proposed in their Fourth Report, the Council should revert to the practice formerly in force, in accordance with the following Resolution of the Council of the 10th of February, 1870, viz.:—"That the Minutes of each Meeting of the Council be posted in the Hall of the College within five days of each Meeting; those Minutes having previously been submitted to the President or Senior or Junior Vice-President for approval."

The Committee have, in conclusion, to report to the Council that they do not recommend that there should be any delay in submitting to the proper authorities the alterations in the Charters, inasmuch as the several alterations therein proposed by the Council were submitted to a meeting of the Fellows and Members on the 24th of March, 1884, and acceded to at that meeting, and as the only two further alterations in the Charters, subsequently proposed, relating respectively to the qualification of a Fellow for election to the Council and to the mode of nomination of Candidates for the Council, have been adopted by the Council in accordance with the proposals of the Association.

T. SPENCER WELLS,
in the Chair.

19th March, 1885.

The Council further adopted the following Resolutions, viz.:—

That copies of such Report as approved and adopted by the Council be forwarded to the Association of Members of the College and to the Association of Fellows of the College as the reply to their respective communications.

Copies of Report to be sent to the two Associations of Members and Fellows.

That it be referred to the Committee on the Mode of Election to the Council and on other Matters relating to the Charters and Bye-Laws of the College, to confer with the legal advisers of the College, in order that the necessary new Sections for the proposed alterations in the Charters and the Formulæ for effecting the required changes in the Bye-Laws of the College may be prepared, and to report thereon to the Council.

Referred to Committee on Charters and Bye-Laws to confer with legal advisers as to New Charter and New Bye-Laws and to report.

That a copy of the foregoing Resolution be forwarded to the Association of Members and to the Association of Fellows of the College.

Copy of foregoing resolution to be sent to the two Associations.

ORDINARY MEETING OF THE COUNCIL ON THE 14TH OF
MAY, 1885.

Vaccination
Committee
Report read,
approved,
adopted, and
to be entered
on Minutes.

A Report, dated the 22nd of April, 1885, from the Committee in reference to the required Certificate of Instruction and Proficiency in the practice of Vaccination was read, approved, adopted, and directed to be entered on the Minutes, viz. :—

Report.

REPORT, dated the 22nd of April, 1885, of the COMMITTEE in reference to the required Certificate of Instruction and Proficiency in the practice of VACCINATION.

Members of the Committee.

MR. JOHN MARSHALL, *Chairman.*

MR J. W. HULKE. SIR WILLIAM MACCORMAC.

THE PRESIDENT.

THE VICE-PRESIDENTS.

The Committee, appointed on the 9th of April, 1885, to consider and report to the Council on the application made by Professor Redfern, on behalf of the Council of Queen's College, Belfast, to the effect that the Certificates of Instruction in Vaccination, given by the public Vaccinators under the Local Government Board of Ireland and guaranteed by the Council of Queen's College, may be recognized by this College, have this day met and have adopted the following as their Report, viz. :—

The Committee have to report that they have fully considered (1) the several communications received from Professor Redfern and the Minutes of the Council thereon of the 12th ultimo and 9th instant; (2) the conditions relating to the recognition by this College of the Certificates of Instruction and Proficiency in the practice of Vaccination, whereby it has been agreed that only such Certificates shall be received as will meet the requirements of the Local Government Board in England; and (3) semi-official statements, from which it appears that, if the recognition by this College of Certificates were extended, beyond those of Officers appointed by the Local Government Board in England, to those of public Vaccinators not under its control, the Diploma of this College would no longer, as at present, be received as evidence that its possessor was duly qualified to hold appointments under that Board.

The Committee therefore recommend to the Council that the existing Regulation on the subject of the recognition of Certificates in Vaccination should remain in force, not only on account of the obligations of the College to the Local Government Board in England and the agreement with the Royal College of Physicians under the Scheme for the Examining Board in England, but

because by recognizing other Certificates the value of the Diploma would be depreciated to future Members of this College.

The Committee have, at the same time, further to report that they have reason to believe that if a representation were made by the Council of Queen's College, Belfast, to the Irish Local Government Board suggesting that that Board should invite the English Local Government Board to confer with a view to the establishment of educating Vaccination Stations in Ireland, subject to terms to be agreed upon by both Boards, the difficulty under which Irish Candidates for the Diploma of this College now labour might be surmounted.

The Committee accordingly recommend to the Council that an answer to the foregoing effect should be sent to Professor Redfern in reply to his application.

JOHN MARSHALL,
Chairman.

22nd April, 1885.

The Council thereupon resolved :

That a copy of such Report be sent to Professor Redfern as the reply of the Council to his several communications on the subject of the Vaccination Certificate.

Copy of Report to be sent to Prof. Redfern as the reply to his communication.

The following Recommendations, dated the 31st of March and the 21st of April, 1885, from the Committee of Management were read, approved, adopted, and directed to be entered on the Minutes, viz. :—

Recommendations of Committee of Management read, approved, adopted, and to be entered on Minutes.

ROYAL COLLEGES OF PHYSICIANS AND SURGEONS.

Recommendations, dated the 31st of March, 1885, from the Committee of Management of the two Colleges.

That the Regulation applicable to the conditions of the admission of Members of the English Universities to the Third or Final Examination of the Examining Board in England be extended to such of the Scotch and Irish Universities as require that not less than two of the four years' curriculum of professional education shall have been spent in residence at the University.

J. COOPER FORSTER,
Chairman.

President and Vice-Presidents recommend that Memorial to Sir E. Wilson should be in form of a Bust, to be executed by Mr. Brock, A.R.A.

The President reported, on behalf of himself and the Vice-Presidents, that, in pursuance of the Resolution of the Council of the 8th of January last, they had taken into consideration the question as to the best mode in which effect might be given to Sir James Paget's proposal that an appropriate Memorial of the late Sir Erasmus Wilson, F.R.S., should be placed in the College: and that they were of opinion that a Bust would be the most appropriate Memorial of Sir Erasmus, representing him as best known to the Profession, without a beard and moustache, and recommended that the execution thereof should be confided to Mr. Thomas Brock, A.R.A.

The following Motion by Mr. Durham, of which he gave notice on the 9th of April, was seconded by Mr. Savory and carried *nem. con.*:—

Mr. Durham's Motion for appointment of Delegates to meet Delegates from College of Physicians to confer as to the grant by the two Colleges of the title "Doctor."

That seven Delegates from this College be appointed with authority to invite an equal number of Delegates from the Royal College of Physicians to meet and confer upon what steps, if any, can be taken to enable the two Colleges to obtain the legal right of giving the title of "Doctor" to persons who shall have obtained the Licence of the Royal College of Physicians of London and the Diploma of the Royal College of Surgeons of England.

And the Motion having been seconded by Mr. Savory, and the votes of the Council taken thereon, the same was carried *nem. con*

Mr. Marshall, Sir Joseph Lister, Bart., Mr. Hulke, and Mr. Durham, together with the President and Vice-Presidents, were appointed the seven Delegates on behalf of this College.

Delegates elected.

ORDINARY MEETING OF THE COUNCIL ON THE 11TH OF
JUNE, 1885.

The President reported the decease, on the 27th ultimo, at the age of 91, of Mr. James Moncrieff Arnott, F.R.S., Retired Honorary Member of Council, past President of the College, and Member of the Council and Court of Examiners.

Ordinary Council, 11th June, 1885.

President reports death of Mr. J. M. Arnott.

Whereupon it was resolved unanimously:

That the Council desire to express to Miss Arnott their sincere sympathy in her sorrow. That the records of the Council bear witness to the many and important instances in which the best interests of the College and of the whole Surgical Profession were promoted by the energy and wisdom of her late father, Mr. James Moncrieff Arnott. That for these, as well as for his valuable contributions to the Science of Surgery, and his exemplary rectitude and unselfish devotion to duty, he will always be remembered with gratitude and deep respect.

Unanimous vote of condolence with Miss Arnott.

A letter was read, dated the 19th of May, 1885, from Mr. W. J. C. Miller, Registrar, forwarding, by direction of the General Medical Council, a copy of an extract from the Minutes of that Council, containing a letter from the Registrar-General, Wellington, New Zealand, from which it appeared that Mr. Francis Goold, admitted a Member of this College in 1853, was convicted of Felony at the Resident Magistrate's Court, Auckland, New Zealand, on December 2nd, 1876, and that in consequence thereof his name was erased from the New-Zealand Medical Register.

Letter from Mr. Miller in reference to Mr. F. Goold, a Member of College, convicted in 1876 of felony, at Auckland, N. Zealand.

A letter of this date was also read from Mr. Ernest J. Wilde, stating, in reply to an inquiry addressed to him by direction of the President, that it will not be necessary to obtain a certificate of the conviction of Mr. Goold if the original letter from the Registrar-General of New Zealand is produced to the Council.

Mr. Wilde states that original letter from Registrar-General, New Zealand, sufficient evidence of conviction.

The Secretary thereupon submitted to the Council the original letter from the Registrar-General of New Zealand, addressed to the Registrar of the General Medical Council, and read the same.

Original letter from Registrar-General, New Zealand, produced and read.

Clause 3 Section XVII. of the Bye-Laws relating to the misconduct of Fellows and Members of the College was read.

Clause 3 Section XVII of Bye-Law read.

Whereupon it was resolved :

Francis Gould removed by Resolution from being a Member.

That, in the opinion of the Council, the criminal offence of which Francis Gould has been convicted is of such nature as to render him unfit to remain a Member of the College; and that he accordingly be removed from being a Member of the College.

Mr. Thomas Clarkson's unprofessional advertisements.

The attention of the Council having been directed to the unprofessional advertisements published by Mr. Thomas Clarkson, of Darley, Ripley, a Member of the College; and a letter from him in reference thereto having been read, the Council adopted the following Resolution :—

Council will take no further action on condition that Mr. Clarkson will cease to advertise.

That Mr. Thomas Clarkson be informed that, in the opinion of the Council, his advertisements are very objectionable, and constitute an offence against the Bye-Laws of the College; but that, if he is prepared to assure the Council in writing that he will cease to publish them either in their present form or in any other form inconsistent with the provisions of the Bye-Laws, the Council will not take any further action in the matter.

Council call attention of Mr. Alabone to breach of Bye-Laws in his work on Consumption.

The Council also directed that the attention of Mr. William Edwin Alabone, of Lynton House, Highbury Quadrant, a Member of the College, be called to his breach of the Bye-Laws by professing in his work on Consumption, by the use of the following words, a secret method or process of cure relating to his practice as a Surgeon, viz. : " I feel myself justified in withholding the nature of a more recent discovery."

Mrs. Hawkins presents Bust of her late husband, Mr. C. H. Hawkins, F.R.S.

A letter was read, dated the 23rd of May, from Mrs. Hawkins, offering to the acceptance of the College a Marble Bust, by Mr. George Halse, of her late husband Mr. Cæsar Henry Hawkins, F.R.S., past President of the College and Member of the Council and Court of Examiners.

Accepted unanimously with best thanks.

Whereupon it was resolved unanimously :—

That the Council accept, with their best thanks to Mrs. Hawkins, the Bust of Mr. Cæsar H. Hawkins, whose services to the College have so eminently contributed to its welfare.

Dr. Sieveking asks Council to assist in reproduction of MS. by Harvey.

A letter was read, dated the 30th of May, from Dr. E. H. Sieveking, inquiring whether, in reference to the proposed Autotype reproduction of the original MS. of lectures (or notes of lectures) delivered by Harvey in and after the year 1616, the College will assist in the undertaking.

Resolved :

Council guarantees 100 copies of autotype reproduction of MS.

That the Council do hereby guarantee the cost of one hundred copies of an Autotype reproduction, with printed text, of the manuscript lectures of Harvey in the volume, dated 1616, preserved in the British Museum.

A letter was read, dated the 2nd of June, from Sir Henry Pitman, M.D., Registrar, stating that, in compliance with the invitation of the President, the following seven Delegates had been appointed by the Royal College of Physicians to confer with the Delegates from this College, upon what steps, if any, can be taken to enable the two Colleges to give the title of "Doctor" to those who obtain their Diplomas, viz.:—The President, The Registrar, Sir Andrew Clark, Bart., Dr. Wilson Fox, Dr. Moxon, Dr. Ord, and Dr. Norman Moore.

Letter from Sir H. Pitman reporting appointment of Delegates to confer on question of granting title of "Doctor."

The following letter of this date from Mr. John Marshall, Representative of the College in the General Medical Council, reporting the proceedings of that Council during its late Session, was read, and directed to be entered on the Minutes, viz.:—

Letter from Mr. J. Marshall reporting proceedings of General Medical Council read, and to be entered on Minutes.

10 Savile Row, W.,
11th June, 1885.

GENTLEMEN,—

The short time which has elapsed since the presentation of my last Report, as your representative at the General Medical Council, will, in some degree, account for the brevity of my present communication.

Letter.

The returns furnished to the Medical Council from the Army and Navy Medical Departments continue to show, as on former occasions, that all the Members of this College who compete for commissions either obtain appointments or are pronounced qualified to obtain them.

At my instigation the Medical Council has appointed a Committee to superintend the preparation of a series of statistical returns relating to the Medical Profession of the United Kingdom. The usefulness of such authoritative information was generally acknowledged.

It may interest this Council to know that the new British Pharmacopœia is now in print, and awaits only the sanction of the Executive Committee for its publication, which may be expected in July.

In revising its Recommendations as to Medical Education and Examination, the General Medical Council has erased a certain number of those which were shown to be either obsolete, or impracticable, or unduly restrictive.

An important resolution to the effect that "It is desirable that the First Principles of Physics, Chemistry, and Biology should be regarded as branches of a Preliminary Scientific Training, and of an Examination, to be taken before the commencement of purely professional study," was negatived by a majority of one; but a recommendation, which practically admits a similar principle, was afterwards adopted, viz.:—"The course of Medical Study after Registration should occupy at least five years, if the subjects of Elementary Physics, Chemistry, and Biology are included in that period, or at least four years if a satisfactory examination in those subjects has been passed previous to registration."

It is further recommended by the Medical Council that at least four winter and three summer Sessions should be passed at a recognized Medical School, instead of three winter and two summer Sessions, which is now the general but not the universal rule.

Two special subjects, viz. *Hygiene and Mental Disease*, have been added to the list of those considered by the General Medical Council to be essential in regard to study and examination. But the Council has refrained from any attempt to indicate the manner in which these, or any others, of the entire list of subjects should be combined or distributed for purposes of study or examination.

The action of this College in the case of Mr. George Washington Evans has been followed by a similar decision on the part of the Faculty of Physicians and Surgeons of Glasgow, and therefore his name now ceases to appear in the Medical Register.

The qualification of Mr. Ebenezer Bryceson, as a Member of this College, which he had already forfeited, has been removed from the Medical Register.

The case of Mr. Francis Goold, a Member of the College, who was convicted of felony at Auckland, in New Zealand, some years since, has been reported to the College by the General Medical Council, to be dealt with accordingly.

I have the honour to be, Gentlemen,

Your obedient Servant,

JOHN MARSHALL.

Letter of Mr. Hickman enclosing Memorial advocating Amalgamation of Royal Colleges of Physicians and Surgeons referred to Delegates of two Colleges on question of title of "Doctor."

A letter was read, dated the 27th of May, from Mr. Wm. Hickman, F.R.C.S., M.B., enclosing a Memorial signed by over 600 persons, either Teachers, Practitioners, or Students of Medicine, advocating the Amalgamation of the Royal Colleges of Physicians and Surgeons into one Royal College of Medicine for the purpose of granting the title of Doctor of Medicine, and was referred to the consideration of the Delegates of the two Colleges appointed to confer on the question of the advisability and practicability of conferring the title of "Doctor" on those obtaining the Diplomas of the two Colleges.

The Council adopted the following resolution, viz. :—

Meeting to be held in October, at time to be hereafter fixed.

That a Meeting of the Fellows and Members be held in October, at a date hereafter to be determined, and of which due notice shall be given, to which Meeting a Report from the Council shall be presented.

Extraordinary Council,
3rd July, 1885.

EXTRAORDINARY MEETING OF THE COUNCIL ON THE 3RD OF
JULY, 1885.

Election of Messrs. Savory, Macnamara, and Pemberton reported.

The President reported that at a Meeting of the Fellows on the 2nd of July, Mr. Wm. S. Savory was re-elected, and Mr. Nottidge Charles Macnamara and Mr. Oliver Pemberton were elected Members of the Council.

The Council having confirmed their resolution of the 11th of June, removing Francis Goold, directed that he be informed thereof and called upon to return his Diploma, and that the usual notice be sent to the General Medical Council.

Francis Goold to be informed of his removal from being a Member, and General Medical Council to be also informed.

The following Report, dated the 19th of June, from the Joint Building Committee of the Royal Colleges of Physicians and Surgeons was read, and it was resolved unanimously:—

Report of Building Committee of Royal Colleges of Physicians and Surgeons read, approved, adopted, and to be entered on Minutes.

That the Report be approved, adopted, and entered on the Minutes, viz. :—

ROYAL COLLEGE OF PHYSICIANS OF LONDON.

REPORT, dated the 19th of June, 1885, of the JOINT BUILDING COMMITTEE of the ROYAL COLLEGE OF PHYSICIANS OF LONDON and the ROYAL COLLEGE OF SURGEONS OF ENGLAND.

Report.

The Building Committee appointed by the two Colleges in December 1884 beg leave to submit the following Report :—

The Committee, by direction of the Colleges, entered into a negotiation with the agent of the Duke of Bedford for a lease of the plot of ground situated in Long Acre. This negotiation continued up to the 8th of May. Unexpected difficulties had, however, arisen from time to time, and notwithstanding the readiness of the Committee to meet every reasonable requirement of the Duke's agent, but little progress was made towards a satisfactory final agreement. In order to avoid further delay the Committee, under the advice of the solicitors of the two Colleges, submitted for the consideration of the Duke of Bedford's agent the terms on which alone the Committee could recommend the Colleges to take a lease of the ground in question. The terms offered by the Committee were not accepted, and the negotiations terminated.

The architect was then requested to ascertain whether a suitable site could be procured elsewhere; and the Committee have been informed that a considerable plot of ground on the Embankment, belonging to the Duchy of Lancaster, is to be let on a building-lease for 99 years. The advantages which this site presents are exceptional. Its open situation, its extreme quiet, the respectability of the neighbourhood, and the ready access to it from all parts recommend it as specially adapted as a locality for a Hall for Examination Purposes. As the plot of ground is larger than would be needed for an Examination Hall, built according to the plan already approved by the two Colleges, the lessors would be willing to grant a lease of a portion of the land. The Committee are, however, unanimously of opinion that steps should be taken by the two Colleges to secure the entire plot, and so protect them-

selves against the possibility of having undesirable neighbours. Such portion as they might not require for their own purposes might be underlet.

In conclusion, the Committee recommend the two Colleges jointly to take on lease for 99 years, at a ground-rent of £2200 per annum, the piece of land now to be let facing the Embankment Gardens, bounded on the east by Savoy Street, on the west by Savoy Hill, on the north by a block of chambers, and on the south by Savoy Place. This piece of land comprises an area of 22,740 square feet, and the land-tax is redeemed.

19th June, 1885.

DYCE DUCKWORTH, *Chairman*.

Mr. E. A. Alabone expresses regret for having published objectionable passage in work on Consumption, and intimates willingness to withdraw it.

A letter was read, dated the 25th of June, from Mr. Edwin William Alabone, in reply to the communication addressed to him in pursuance of the resolution of the Council of the 11th ultimo, denying that he has ever made any secret of his original discovery for the cure of Consumption, stating that, with reference to the passage in his work complained of by the Council, he had no idea that it constituted an offence against the Bye-Laws, expressing his deep regret at having published it, and intimating his willingness to withdraw it.

Previous Minutes read.

The Minutes of the Council of the 11th of June in reference to the case were read.

The Council thereupon resolved :—

Mr. Alabone to be informed that Council will take no further action provided he withdraws work from circulation, and submits new edition to Council.

That Mr. Alabone be informed that the Council accept his explanation of the circumstances under which the passage they object to in his work on Consumption was published; and that, in consideration of the deep regret he has expressed at having thus committed an offence against the Bye-Laws, they will not at present take any further action in the matter, on condition that he do at once withdraw from circulation all the copies of his work which contain the objectionable passage, and that he do submit to the Council for inspection any new edition which he may intend to publish.

Mr. Thomas Clarkson declines to withdraw advertisements objected to by Council.

A letter was read, dated the 1st of July, from Mr. Thomas Clarkson, of Darley, Ripley, in reply to the letter addressed to him in pursuance of the resolution of the Council on the 11th ultimo, stating that he considers it rather arbitrary that the Council should require him to discontinue the issues of his advertisements after his having explained the nature of his remedy, and that, having paid for advertising to the end of the year, he can only promise to seriously consider the question when that time arrives.

Previous Minutes read.

The Minutes of the Council of the 11th ultimo with respect to the case were read.

And the Council having considered the case, resolved :—

Case considered.

That, in the opinion of the Council, the Advertisements issued by Mr. Thomas Clarkson are, in the terms of Clause 2 Section XVII. of the Bye-Laws, “prejudicial to the interest” and “derogatory to the honour of the College,” and “disgraceful to the Profession of Surgery;” and that, in consequence of the issue thereof by him and his refusal to discontinue them, he be removed from being a Member of the College.

Resolution for removal of Mr. Thomas Clarkson from being a Member carried.

QUARTERLY MEETING OF THE COUNCIL ON THE 9TH OF JULY,
1885.

Quarterly Council, 9th July, 1885.

The Council, having confirmed their resolution of the 3rd of July removing Mr. Clarkson from being a Member, directed that he be informed thereof and called upon to return his Diploma, and that the usual notice of such removal be sent to the General Medical Council,

Mr. Clarkson to be informed of removal from being a Member, and notice to be sent to General Medical Council.

The several Professors and Lecturers were elected at this Meeting.

Professors and Lecturers elected.

Mr. William Scovell Savory was elected President for the ensuing year.

Mr. Savory elected President.

Mr. John Wood and Mr. Henry Power were elected Vice-Presidents for the ensuing year.

Messrs. Wood and Power elected Vice-Presidents.

Mr. John Marshall gave notice that, at the next Meeting, he would call the attention of the Council to the great services rendered to the College by Sir James Paget, Bart., in the preparation and publication of the two editions of the Pathological Catalogue of the Museum, and would move a resolution, in terms to be circulated to the Members of the Council, that the Council do mark their appreciation of those services by placing some permanent record of them in the College.

Notice of motion by Mr. Marshall with respect to Sir J. Paget, Bart.

9th July, 1885.

EDWARD TRIMMER,
Secretary.

THE MUSEUM.

THE Hunterian Collection, which forms the basis, and still a large proportion, of the contents of the present Museum of the Royal College of Surgeons of England, was originally arranged in a building which its Founder, John Hunter, erected for it in 1784, behind his house in Leicester Square.

John Hunter died October 16th, 1793, aged 65. By his will he directed the Museum to be offered in the first instance to the British Government, on such terms as might be considered reasonable, and in case of refusal to be sold in one lot, either to some foreign state, or as his executors might think proper.

In the year 1799 Parliament voted the sum of £15,000 for the Museum, and an offer of it being made to the Corporation of Surgeons, it was accepted on the terms proposed by Government*.

In 1806 the sum of £15,000 was voted by Parliament in aid of the erection of an edifice for the display and arrangement of the Hunterian Collection; a second grant of £12,500 was subsequently voted, and upwards of £21,000 having been supplied from the funds of the College, the building was completed in Lincoln's-Inn-Fields, in which the Museum was opened for the inspection of visitors in the year 1813.

* The following are the Terms and Conditions on which the Hunterian Collection, purchased by Parliament, was delivered to the late Corporation of Surgeons; which Corporation having become dissolved, the Members thereof were re-incorporated by Charter, dated the 22nd day of March, 1800, under the Title of The Royal College of Surgeons in London:—

1st. The Collection shall be open Four Hours in the Forenoon of two days every week for Inspection and Consultation of the Fellows of the College of Physicians, the Members of the Company of Surgeons and Persons properly introduced by them; a Catalogue of the Preparations, and a proper Person to explain it, being at those times always in the Room.

2nd. That one Course of Lectures, not less than twenty-four in number, on Comparative Anatomy and other subjects, illustrated by the Preparations, shall be given every year by some Member of the Company.

3rd. That the Preparations shall be kept in a state of Preservation, and the Collection in as perfect a state as possible, at the Expense of the Corporation of Surgeons, subject to the annual Inspection and Superintendence of the Trustees.

4th. That there shall be a Board of Trustees, to consist of sixteen (increased to seventeen by the Lords of the Treasury in 1856) Members, by virtue of their Public Offices, and of fourteen others, to be appointed, in the first instance, by the Lords of the Treasury, and afterwards to be elected, as Vacancies may happen, by a Majority of the remaining Trustees.

5th. That the Museum shall always be open for the Inspection of all or any of the said Trustees, who are to take care that the Corporation of Surgeons perform their Engagements respecting the said Collection. That a day be appointed for the annual Inspection of the Museum, by the Trustees acting collectively as a Board; and that they are also to have quarterly Meetings, for the transacting of any Business relative to the Museum, and for the filling up of such Vacancies as may happen in the number of the Trustees; and that the Corporation of Surgeons shall engage some Person to officiate as Secretary to the Board upon such occasions, and to issue previous Notice to the Members, in which he is to state particularly whether any Vacancies are to be filled up by new Elections.

In consequence of the large number of additions, this building became too small for the adequate display and arrangement of its contents; and more space being at the same time required for the rapidly increasing Library, the greater portion of the present building was erected, wholly at the expense of the College, in 1835, at a cost of about £40,000, and the Hunterian and Collegiate Collections were re-arranged in what are now termed the Western and Middle Museums, which were opened for the inspection of visitors in 1836.

Further enlargement of the building having become necessary by the continued increase of the Collection, the College, in 1847, purchased the extensive premises of Mr. Alderman Copeland, in Portugal Street, for the sum of £16,000, and in 1852 proceeded to the erection of the Eastern Museum, at the expense of £25,000, Parliament granting £15,000 in aid thereof. The re-arrangement of the specimens was completed, and the additional portion of the building opened to visitors in 1855.

The Hunterian Collection was estimated to consist of 13,682 specimens, distributed under the following heads:—

Physiological Department, or Normal Structures.

Physiological preparations in spirit	3745
Osteological preparations	965
Dry do.	617
Zoological do.	1968
Fossils :—	
Vertebrate	1215
Invertebrate	2202
Plants.....	292

Pathological Department, or Abnormal Structures.

Preparations in spirit	1084
Dry preparations (including bones)	625
Calculi and concretions	536
Monsters and Malformations.....	218
<i>Microscopic preparations</i>	215

Of the additions by which the size and value of the Collection have been so materially increased since it came into the possession of the College, very many have been presented by Fellows and Members of the College, and other persons interested in scientific pursuits. Among the largest contributions from this source have been the Collection, consisting of 847 specimens, presented in 1811 by Sir William Blizard, and a valuable series of Pathological specimens presented in 1851 by Sir Stephen L. Hammick. At the same time the Council of the College have availed themselves of various opportunities as they have occurred to purchase specimens of interest, especially at the dispersion of private anatomical and pathological museums, as that of Sir A. Lever in 1806, of Mr. Joshua Brookes in 1828, of Mr. Heaviside in 1829, Mr. Langstaff in 1835, Mr. South in the same year, Mr. Howship and Mr. Taunton in 1841, Mr. Liston in 1842, Mr. Walker in 1843, and, deserving of especial mention on account of the great number and value of the specimens acquired, those of Sir Astley Cooper in 1843 and Dr. Barnard Davis in 1880.

The Histological Collection, of which the 215 Hunterian specimens (prepared by Hewson) constitute the nucleus, was chiefly formed by the late Professor Quekett, with considerable additions by purchase from Dr. Tweedy J. Todd, Mr. Nasmyth, 1885.

and Professor Lenhossek. It now contains upwards of 12,000 specimens, all arranged and catalogued so as to be readily available for reference.

The superintendence of the Museum is confided by the Council of the College to a Committee of its Members, which Committee has held six meetings during the last year.

A summary of the progress made in the preservation, arrangement, and augmentation of the Collection will be found in the following Report

ANNUAL REPORT OF THE CONSERVATOR TO THE MUSEUM COMMITTEE.

(Presented June 30th, 1885.)

PATHOLOGICAL COLLECTION.

THIS Annual Report is marked by the completion of the fourth and last Volume of the Pathological Catalogue by Sir James Paget, Dr. Goodhart, and Mr. Alban Doran, with the co-operation of Mr. F. S. Eve. This volume comprises 511 pages, with descriptions of over 1366 specimens; it includes the Series of Diseases of the Urinary Organs, of the Nervous System, and Organs of Special Senses, of the Generative Organs and Breast, and the Anatomy of Stumps.

The additions made to the Museum in this Department will be found at least equal in value and number to those in preceding years.

In continuing the work of the revision of the Pathological section, over 200 specimens have been remounted.

DEPARTMENT OF COMPARATIVE ANATOMY.

Since the last Annual Report the work of cleaning, renumbering, and arranging the Osteological specimens of the Mammalia other than Man, according to the new Catalogue, has been proceeded with as rapidly as the other duties connected with the work of the Museum would permit, and is now all but completed. The labour involved has proved to be considerably greater, and the rate at which the work could be done consequently much slower, than was anticipated when it was begun. As it has proceeded errors have been corrected, and each specimen verified and, when necessary,

repaired. Labels have been attached to the specimens in the flat cases, so as to show to what animals they belong. The specimens in drawers have also been labelled.

For some years past it has been necessary to store the larger skeletons, and other specimens for which there is not space in the Museum itself, in boxes, in the Articulator's room, the ante-room of the Theatre, and the Fossil and Box rooms. To have catalogued specimens thus scattered over the building, and in many instances one piled over the other, is obviously inconvenient. By a rearrangement, however, of these rooms it was found that all the catalogued Mammalian specimens not exhibited (excepting a few of unusual size) could be placed together in the Fossil Room, the specimens of Sauropsidans and Ichthyopsidans in the ante-room of the Theatre and the uncatalogued specimens of the whole series in the Box Room, thus leaving the Articulator's room free for its legitimate purposes. These changes were originated by Dr. Garson, under whose direction the work was begun last July, and is now nearly completed.

A new system, also initiated by Dr. Garson, of recording in the Catalogue the position of each specimen, has been adopted, which will add materially to the facility of reference to the specimens in this department of the Museum.

The publication of the new edition of the Catalogue last year, and the improvement which has since been made in the appearance, condition, and arrangement of the specimens has greatly enhanced the value of the Osteological collection of the Museum, both intrinsically and from a scientific point of view. This Department may now, so far as completed, be considered to be in an efficient state.

The noteworthy additions to the Osteological department during the year are that of a large St. Bernard Dog, "Chang," frequently drawn in 'Punch' by his owner, Mr. George du Maurier, by whom he was presented on his death in October 1883. After a somewhat prolonged maceration, owing to the greasy condition of the bones, the skeleton has been successfully prepared and articulated. The skeleton of *Haliaëtus pelagicus*, from Japan, is of special interest, as the Museum contained no specimen of this species.

I have much pleasure in stating that the duties of all employed in the Museum department have been carried out to my complete satisfaction; and I should wish at the same time to direct especial attention to the admirable dissections illustrating Human Anatomy, which are further evidences of Mr. W. Pearson's well-known skill and industry in this useful branch of Museum work.

THE LIBRARY.

THE formation of a regular Library may be said to have commenced in the year 1801, at which time and in succeeding years presentations and bequests of books, often in considerable numbers, were made to the College—the principal donors being Dr. Baillie, Sir Everard Home, Sir Charles Blicke, the widow of Mr. Sharp, Sir Ludford Harvey, Dr. Fleming, Mr. Cotton. and Mr. Long. The Court of Assistants also directed from time to time the expenditure of small sums of money for the purchase of books, and eventually voted a sum of £100 per annum for this purpose. Sir Charles Blicke, in the year 1816, invested the sum of £300, the proceeds of which sum were to be devoted to the same object. Some of the purchases thus made were considerable, as in the cases of the Libraries of Mr. Pitt, Mr. St. Andre, and Sir Anthony Carlisle, and books of importance were added at the recommendation of the Conservator of the Museum and others. In this way a Library of considerable value was gradually accumulated, but it was only accessible to a limited number of persons. In 1827 active steps were taken to render it more generally useful, and with this object catalogues and extensive lists of desirable acquisitions were ordered to be prepared. Large sums of money were also expended during this and the ensuing two years, amounting in the aggregate to nearly £6000. A Librarian was appointed, and in 1828 the Library, then containing 10,500 volumes, was thrown open to members of the College, and all other persons engaged in the pursuit of natural science were freely admitted. This large collection, thus opened, offered great facilities to the studious. By means of extensive additions, the collection was well nigh complete in works on Medicine and Surgery, both domestic and foreign, whilst it was also very rich in publications relating to the accessory sciences. The transactions of Academies and Societies, and the collection of periodical publications in general, owing to their completeness, and the difficulty with which access can be obtained to this class of literature elsewhere than in large libraries, formed a valuable feature. The maintenance of the Library from that time to the present has involved a very considerable expenditure of the funds of the College. It has been the object of those to whose care it has been confided to ensure the completeness and excellence of the collection, and great facilities of reference have been provided by the preparation of additional catalogues and indexes of subjects. During the past year there have been added to the Library 534 volumes, including 145 works and 303 tracts, pamphlets, essays, reports, and theses. The entire collection now consists of 40,291 volumes, comprising 15,662 works, and 40,303 tracts, pamphlets, essays, reports, and theses.

The following is a list of the Donations that have been presented to the Library during the year 1884-85, viz. :—
